

MASEVIČIAUS ĮMONĖ "GIRIOS"

PRODUCT NAME	RASPBERRIES (<i>Rubus idaeus</i>)	
Appearance: Raspberries contain not more than (in 1kg)%: - deformed - crumbs	5 20	
Color (in 1kg): Ripe raspberries color	Red	
Plants contaminants: - contents of plants fragments no more than pcs /1 kg	5	
Mineral contaminants: - not more than %	0	
Glass/ plastic impurities	0	
Taste	typical	
Smell	typical	
Soluble solids	8,5°-12,0° Bx	
Bacteriological characteristics	Target	Tolerance
Total plate count	1,000,000 cfu	1,000,000 cfu
Yeast	10,000 cfu	50,000 cfu
Mould	10,000 cfu	50,000 cfu
Enterobacteria	1,000 cfu	10,000 cfu
Escherichia Coli	100 cfu	100 cfu
Staphylococcus aureaus	100 cfu	1,000 cfu
Salmonella (25 g)	0	0
Listeria monocytogenes (25 g)	0	0
Bacillus Cereus	1,000 cfu	1,000 cfu
Radioactivity	The raw material is conformed to European Commission Regulation No. 52/2016 and amendments	
Heavy metals	The raw material is conformed to European Commission Regulation No.1881/2006	
Pesticide residue	The raw material is conformed to European Commission Regulation No. 396/2005 with amendments	
Allergens	The raw material is conformed to European Commission Regulation No. 1169/2011	
GMO	The raw material isn't from genetically modified organisms. The raw material is conformed to European Commission Regulation No. 1829/2003; 1830/2003	
Storage conditions and validity	Not higher than -18 °C temperature, 36 months	
Packaging	Blue plastic liner in cartons or multilayer paper bag with PE. The raw material is conformed to European Commission Regulation No. 1935/2004 and Directive 10/2011	
Country of origin	EU countries, Ukraine, Belarus, packed in Lithuania (EU)	
Energy value (kJ/kcal) 100 g	159,00 kJ/38 kcal	
Fats (g)	0,6	
- Saturated (g)	0,1	
Carbohydrates (g)	12,8	
- Sugar (g)	4,1	
Fiber (g)	1,5	
Proteins (g)	1,3	
Sodium (g)	0,03	
Folic acid (µg)	5
